

Saurabh Jain

Chief Financial Officer

Saurabh has over two decades of rich experience across diverse sectors such as Private Equity, Healthcare, Consumer Durables and Consulting. His area of expertise includes P&L management, budgeting, forecasting, long term business strategy planning, financial controllership, tax restructuring and valuations.

He is currently the Chief Financial Officer of NIIF. At NIIF, he is responsible for managing financial operations of NIIF Funds and the Fund Manager, treasury, internal controls, compliances under Indian Tax Laws & AIF regulations, business planning, budget and forecasting and structuring of funds and investments, working with investment teams in establishing strong governance standards in portfolio companies. Saurabh sits on the valuation committee of NIIF Funds and heads the NIIF Delhi office.

Prior to NIIF, Saurabh spent 10 years with Actis, a leading private equity firm with presence across different continents. At Actis, he worked as the Group Chief Financial Officer in the firm's UK and India offices. During his stint with Actis, he worked on Finance, Accounting and Internal Controls, fund raising, treasury management, business planning and forecasting and structuring of funds and investments from tax and regulatory perspective to name a few. He managed a team of 30 professionals and worked on some key projects such as implementation of vertical (asset class) wise P&L across business, setting up a carry and co-investment structures, setting up a centralised finance function for the firm in India and implementation of globally recognised financial ERPs. He joined Actis in 2007 as a Senior Manager – Finance and eventually rose to the position of being the first non-UK CFO for the group in a span of 10 years.

Saurabh has also worked with Max India Limited and LG during his career managing accounting and financial operations, business planning, cost rationalization and management of statutory compliances, product pricing to name a few. He started his career in Jan 2000 with EY's Audit and Business Services vertical.

Saurabh is a Chartered Accountant from Institute of Chartered Accountants of India and holds a Bachelor in Commerce degree from Delhi University and has done his Master in Business Administration (Executive Program) from Indian School of Business.
